

STM Drink Cup

Sustainability is a focus of school curriculum for our students. Many have been studying the “**War on Waste**” in particular takeaway coffee cups which are not recyclable.

So this year as part of our fair fundraising drive we are selling STM branded reusable drink cups.

They are a quality white re-usable takeaway ‘Karma Kups’™, regular size, with a navy silicon lid and band which will feature the STM logo.

If you would like to take on the war on waste (with the added bonus of raising money for the school) then please order a cup!

Fill out the form below and return to the office with your payment by Friday 20th October. (Delivery will be to classes three weeks later).

Price: \$12 each.

Student Name: _____

Class: _____

Quantity: _____
