

'Dance for Maddie'

Featuring:
The RINGMASTERS
&
Josh Tome!

Raffles and a
silent auction!
Sausage Sizzle!

Maddie Sheehan is 4 years old and has been diagnosed with Microcephaly, Quadriplegic mixed Cerebral Palsy (Dystonia and Spasticity) and a form of Visual Impairment. Maddie is unable to sit unsupported, walk or talk and has severely limited posture and movement control which means she requires specialist equipment and is totally dependent on adult support. Her entire body is affected with involuntary movements and her muscles alternate between being very stiff and very floppy. Her mixed pattern of dystonia and spasticity result in increased tone in her lower and upper limbs with fluctuating to low tone in her trunk and neck. Maddie has ongoing constipation and intermittent respiratory issues that impact on her pain levels, emotional state and sleep patterns. Maddie is fed orally on a modified diet and takes fluids/ medications via her gastrostomy PEG tube. Maddie enjoys the side lying position which allows her to interact with others and toys. Maddie likes toys that play music, have sounds and bright lights.

East Devonport Football Club

Sunday 29th July starting at 2pm

\$5 entry fee

All money raised will go to Maddie Sheehan to help with the purchase of specialised equipment.
