

Life Centre Music 2019 Enrolments Open

Early Childhood Music and Movement, Piano/Keyboard Lessons

Life Centre Music offers an educationally sound, high quality, fun music program for babies through to 9 year olds.

Our parent/child baby and toddler music classes, and our classes for pre-schoolers offer a perfect introduction to the wonderful world of music. We sing, use instruments, move to music and engage in a variety of fun, interactive activities designed to enhance childhood development and instill a love of music.

Our keyboard classes are suitable for children aged between 5 and 9, and offer a great introduction to learning an instrument.

All award winning classes are taught by a fully qualified, registered teacher.
